## Could Not Bend Down On Account of Backache.

Mr. J. A. Lubinski, Dauphin, Man., writes: "It is my pleasure to write you in regard to Doan's Kidney Pills which I have been using for some time for kidney trouble, which used to affect my back so that at times I could not bend down, nor could I walk straight. I heard about your pills from your Almanac, and I bless the happy hour I thought of buying this medicine. One time a druggist persuaded me to buy a box of Kidney Pills, saying they were just as good, in fact he guaranteed they were. I yielded to his advice, and what was the result? I had hearing down pains in my back for two days, so I took the balance of the pills unused to the druggist, and told him to give me Doan's Kidney Pills as they would stop the pain in 12 hours at the outside. He told me he was sorry I had not used more of the pills, and lengthen the time to await results. I told him there is no need of waiting with Doan's Pills, they go right to the spot. No substitute for me."

Doan's Kidney Pills are 50c a box, 3 boxes for \$1.25 at all dealers or mailed direct on receipt of price by The T. Millers Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

## THE SOLDIER'S DREAM

(Written especially for The Times)

Our bugles sang, true, for the night  
And the sentinal stars set their watch  
In the sky;  
And thousands had sunk on the  
ground overpowered,  
The weary to sleep and the wounded  
to die.

When reposing at night on my pallet  
of straw,  
By the wolf-screaming fogot that guard  
eth the slain,  
At the dead of the night a clear vision  
I saw,  
And thrice ere the morning I dream-  
ed it again.

Me thought from the battlefield's  
dreadful array  
Far, far, had I roamed on a desolate  
track,  
T'was Autumn—and sunshine arose  
on the way,  
To the home of my fathers, that wel-  
comed me back.

I flew to the pleasant fields I traversed  
In life's morning march, when my bosom  
was young;  
I heard my own mountain sheep bleat-  
ing aloft,  
And knew the sweet strain that the  
harvesters sang,

Then pledged we the love cup and a  
fondly I swore,  
Far from my home and my weeping  
friends never to part;  
My little son I kissed me a thousand  
times o'er,  
And my wife sobbed aloud in her  
fullness of heart.

"Stay, stay with us—rest, thou art  
weary and worn"  
And faint was their war-broken sol-  
dier to stay,  
But sorrow returned with the dawn-  
ing of morn,  
And the voice in my dreaming ear  
melted away.

RULES RELAXED; ALL OF AGE  
MAY SERVE EMPIRE.

Ottawa, July 30.—An important  
relaxation in the regulations regard-  
ing the qualifications of recruits of-  
fering for service in Canada has been  
agreed upon by the militia council,  
which should add largely to the en-  
listment throughout the Dominion  
without detracting from the efficiency  
of the Canadian forces. The changes  
follow:

1. A change in the height measure-  
ments from 5 feet 4 inches for infan-  
try, to 5 feet 2 inches; from 5 feet  
6 inches for artillery, to five feet 4  
inches. This will permit many men  
to enlist who have hitherto been re-  
jected.

2. A relaxation in the regulation  
regarding chest measurement to the  
minimum to be 33 inches. This will  
be largely at the discretion of the  
examining officers. For instance, a  
young man in otherwise fit condition  
may naturally be expected to increas-  
e his chest measurement with out-  
door life and exercise, while, with an  
older man, this is not so likely.

3. In the future, there will be only  
one medical examination and that  
at the place of recruiting. If a man  
is passed there, he at once becomes  
a soldier. In the past many men who  
were successfully passed the medical  
examination at the point of recruit-  
ing, gave up their positions and were  
given furloughs by their friends were  
turned down by the doctor of the  
camp. This was specially evident at  
Valcartier, where hundreds of us in  
a failure to pass the hands of the se-  
cond examiner.

4. Men suffering from bad teeth, ot-  
herwise fit medically, will in future  
be supplied with new sets. The den-  
tal corps will do this work at the  
expense of the government. In the  
past hundreds of men were turned  
down for this cause. Many who were  
able to afford it had their teeth fixed  
at their own expense and later suc-  
cessfully passed.

5. Slight physical defects, which  
may be removed by minor operations  
will not debar a man from enlist-  
ment. In such cases the men so af-  
fected will be turned over to the  
army medical corps for treatment.  
The expense connected with the re-  
moval of such defects will be borne  
by the government, though the ex-  
pense will be practically nil, since the  
army medical service is recruited  
for such purposes.

In fact, the regulations are such  
that they will give every man, who  
desires to fight for his country, who  
is of proper age, the chance to do  
so. It is intimated that in the past  
more than 15,000 men have failed to  
obtain a place in the forces because  
of the regulations which have now  
been relaxed.

## GROWING TABLE POTATOES.

Edmonton, August 3.—At the in-  
stance of the provincial agricultural  
department, the farmers of Stony  
Plain have entered upon a system-  
atic effort to produce a high class  
table potato in such quantity as will  
establish an export market for it-  
self, and so increase the return on the  
land and labor employed in potato  
production.

Last season an arrangement was  
made between the department and the  
Stony Plain Agricultural Society under  
which several acres of its vari-  
eties were planted by five resident  
farmers. In the fall a fair was held  
in Stony Plain, for the purpose of  
comparing the results from the dif-  
ferent varieties. Cooling tests were  
included. What was in view was the  
ultimate selection of a variety that,  
while being of suitable size and form  
and of high table quality, would give  
a sufficient yield to make a profitable  
crop. The final decision rested with  
a committee consisting of H. A. Craig,  
now deputy minister; S. E. Car-  
roll, superintendent of demonstra-

tion will be given on points as before.  
Vernation Agricultural school. They  
decided that the choice lay between  
the Wee McGregor and Gold Coin var-  
ieties, with Carmen No. 3 as third  
choice. Other varieties tested were  
Barona, Mayday Blossom and Sat-  
ton's Satisfaction.

Experiments are being continued  
this season with the Wee McGregor  
and Gold Coin only, in the hands of  
seven farmers. In due course a fair  
will be held in the fall and a deci-  
sion will be given on points as before.  
Without waiting for the further ex-  
periments of this year, a car of Wee  
McGregor seed potatoes were pur-  
chased and sold by the agricultural so-  
ciety to the farmers on the plain  
generally, for growth this season.

News of the efforts of the depart-  
ment and the farmers of Stony Plain  
to produce a table potato graded in  
car lots reached the dining car ser-  
vice of the C.P.R. and aroused their  
interest. H. A. Craig, deputy min-  
ister of agriculture in receipt of a  
letter from the superintendent of the  
C.P.R. dining car service inquiring  
as to the possibility of the company  
securing what it needs for the ser-  
vice east of the mountains through  
the department for the coming win-  
ter.

## GERMANS CLAIM CAPTIVES

TOTAL 1,695,412 IN ALL.

Berlin, Aug. 2.—By wireless to Say  
Lieke-German war ministry furnished  
in connection with the first anniver-  
sary of the war interesting figures  
relating to the success of the central  
powers, says the Overseas News Ag-  
ency. The statement follows:

"Germany, Austria, Hungary occu-  
py 20,000 square kilometers in Bel-  
gium, 21,000 in France, 130,000 in Rus-  
sia, and 10,000 in French Alsace.

"Prisoners of war taken in Galicia  
now in German camps and hospitals  
or employed as workers total 538,  
869; men captured in the campaign  
last week and on their way to camp  
number 210,000; prisoners in Austria-  
Hungary 636,543, making a grand to-  
tal of 1,695,412.

"Prisoners taken in Russia and now  
in Germany, total 5,560 officers and  
720,000 non-commissioned officers and  
privates; in Austria 4,139 officers and  
610,000 non-commissioned officers and  
privates; total 8,799 officers and 1,  
330,000 men.

## A FOUR FOOTED SPY

Wounded Canadians in hospital at  
Cardiff tell a story of how a Ger-  
man spy was discovered in Northern  
France. Somewhere near the billets  
and firing line there stood a coffee  
house inhabited by five people, in-  
cluding a boy. The troops on their  
way to the trenches used to call for  
refreshments, and the occupants oc-  
casionally had exceptional notices of  
the strength of the forces holding  
the position of the trenches they were  
kept with the troops and are being  
used against their former owners.

While exact figures are not available  
it is estimated that nearly 8,000 guns  
and 3,000 machine guns have been  
captured.

Once a soldier heard a conversation  
in German but again a fresh search  
revealed nothing. At length the boy  
gave away the secret, and it was dis-  
covered that a dog had been used to  
carry messages to the German trench.  
The Canadians had often seen it wan-  
dering about the trenches and had  
netted it unobtrusively.

Messages were carried underneath  
a false casing of fur ingeniously  
wrapped around the dog. Now dogs  
found wandering near the trenches  
are immediately shot.

## SHELL SUPPLY TO BE

DOUBLED IN FEW WEEKS

London, July 28.—Sixteen national  
munitionaries have been estab-  
lished in England, and after consulta-  
tion with the French ministry, the  
British government has decided to  
set up an additional ten large estab-  
lishments. This announcement was  
made in the house of commons this  
evening by the minister of munitions  
David Lloyd George, who told of the  
progress made by his department in  
overcoming the shortage in shells  
that had prevented the army in the  
continent from doing all it might  
otherwise have done.

These new factories are being cre-  
ated in the vicinity of the arsenal  
and the existing munition establish-  
ments, and according to Mr Lloyd  
George, when the government has  
completed a few weeks the produc-  
tion of shells will be doubled.

"This," said the minister, "will  
not merely enable us to support  
our men, but will enable them to  
cleanse their way through to victory."

## BRITAIN CALLS

We're going to fight the Germans, in answer to the call. That comes from the British Empire needs us all. For the British throne is threatened by a brutal savage foe. So join the ranks and shoulder arms, for every man should go.

This is no time to shirk our task. It's up to every man. To fight for British freedom, and do the best he can. We're going to face the German hordes, the fight has just begun. So join the ranks and shoulder arms, we're Britons, every one.

We'll never let the word be said: "Canadians are not game." We'll never let the Mother Country call us we were just in name. Here we're ready! Yes, sir! Ready to risk our lives, or not. To join the ranks and shoulder arms, in answer to the call.

We've sent a hundred thousand men, we'll send as many more. For Britain's cause must triumph, as it has in days of yore. So buckle on your armor, no man will dare say no, no. To do his "bit" and join the ranks of old John Bull & Co.

## General News

Tofield, July 30.—Barley harvesting started here today. The weather is fine, and the grain is fast maturing.

Paris, August 11.—Sir Robert Borden, premier of Canada, who is in Paris, has been decorated with the Grand Cross of the Legion of Honor.

Calgary, Aug. 2.—Eight beavers have started to build a dam on the Bow river in the heart of the city. They will be driven away as they are cutting down valuable trees.

Robert Townsley has arrived at Strathmore, having travelled a distance of 3,357 miles, from Florida, in a Ford car, making the distance in eighteen and a half days.

The ministers of Los Angeles, Cal., are discussing the question "Where are the dead?" The Times, of that city, say that they can be found in the business places that do not advertise.

A heavy mudslide at Rogers Pass, in the mountains west of Field yesterday buried several hundred feet of track, and demolished a passenger car on the Canadian Pacific for a while yesterday.

Red Deer, July 23.—Charles S. Wilson, a former employee of the Union Trust at Lacrosse, was sentenced to three years in the Edmonton penitentiary for the theft of \$4,000 from the bank at Lacrosse.

Alexander Gilchrist, one of the best known live stock men on the continent, has been appointed by the Hon. Duncan Marshall as superintendent of provincial fairs and instituted in succession to the late C. R. Leach, who died but a short time ago.

Ottawa, August 2.—Senator Loughheed announced this morning that it had been decided to leave with Col. J. A. G. the 4th battalion, the companies recruited at Calgary and Medicine Hat. The 4th will be ordered to move to the Sarcee Camp for training at once.

Miss Lillian Ruby Clements, B. A. of Vancouver, was successful in passing the recent law examinations in connection with the provincial Law Society. Her formal admission was taken place in September, when she will also receive the degree of LL.B. from the University of Alberta.

Calgary, August 2.—The Western Canada Flour Mills Company will build from 50 to 100 elevators in Alberta this year to meet growing need. E. T. Critchley, of the Orwin Lumber Company, after an automobile trip through Alberta, predicts the winter crop the province has never seen.

Calgary, Alta., July 16.—Despite the long spell of rains of which there has been something of a drought in most of the provinces, the crop, generally, is in splendid condition and there is every indication of a bumper yield according to the reports just received from a few less than 38 points.

It was moved at a recent meeting of the Ponoka town council by Pendleton and Russell that \$350 be included in this year's estimates as a councillor's salaries. Those who voted in favor of salary were Pendleton, Webster, Alexander and Russell; not in favor of salary were Clark and Edwards, the mayor not voting. The motion was carried.

We understand that the attorney-general has stated that the playing of Sunday baseball in Calgary will not be permitted to continue under whatever plan. This decision was arrived at because of complaint made of a recent semi-professional game, the proceeds of which were to be given to the soldiers' tobacco fund. \$50 was taken in, of which \$35 went to the fund and the rest to expenses.

Charles Becker, the former New York police lieutenant, paid the penalty for the killing of Herman Rosen, the gambler, at Sing Sing prison Friday morning. He retained his composure and protested his innocence to the last. He went to his death with a photograph of his wife placed over his heart. Three hours were given before the prison authorities pronounced him dead.

Toronto, July 30.—The lieutenant-governor yesterday issued a proclamation calling upon all citizens of the province to observe Wednesday next the anniversary of the declaration of war, as a day of prayer and supplication on behalf of the cause undertaken by the empire and her allies. The intention of the government is not to declare a holiday but that the people should individually appeal for victory.

While bathing in the waters of the Elbow river, near the Sarcee camp, Thursday evening, Private Thomas Calder of the 56th Battalion, unable to swim, was carried by the swiftly running current beyond his depth and drowned. His struggles were witnessed by a number of his comrades who were unable to assist him because the swiftly running current carried him too quickly beyond hope of rescue.

Vancouver, July 30.—British inventors have perfected a secret method of nullifying the effects of noxious gases which have been employed by the Germans in the gas attacks. Says Major-General P. L. Lindsay, inpector-general of military forces in western Canada: "A chemical solution of the problem has been produced. It has been informed, which will render harmless the deadly fumes which have been used, without regard to the provisions of the Hague convention, by the unscrupulous Germans. It is understood that the solution will be gas and gas, and gas to gas in much the same way as chemical gases are purified of the odors of sulphurated hydrogen and similar gases, and that a request for the German gas has been cleared."

London, Ont., Aug. 2.—Five hundred United States marines, all in uniform, passed through the city last night in a special Grand Trunk train destined for Newport News, Va., to go aboard American battleships. The men have been undergoing training, and left Chicago yesterday in response to orders from Washington calling for the bringing up to full strength of all American naval stations in view of the possibility of the United States being involved in the war. Special permission for the marines to pass through Canada from Seattle to Buffalo was granted by the Canadian authorities. All the men appear to be in good health, and Lieutenant George Summers and other officers are in the best of spirits. It is believed that it would be but a short time before the United States would be in the war on the side of the Allies.

Edmonton, July 30.—Captain Lucas of the 68th battalion, is in barracks here with 60 recruits from Lake Superior, Grand Prairie City, Dunsmuir, St. Mary's, Peace River Crossing, Peace Convent, Grosvent and the high prairie districts, making 123 recruits in all who have joined the battalion from their own districts as the result of the captain's recruiting trip. They are fine-looking, husky men, many of them home-bred, and have all the hardiness of that rigorous life.

Ottawa, August 2.—A rumor is circulating among military men throughout the Dominion to the effect that no Canadian forces after the 5th are to be sent to the front as units, all enlistment after that battalion being used for drafting purposes. Another story which is circulating but cannot be confirmed, is that in future no soldiers from similar regiments are to be sent out of Canada, this being held to keep them here to charge as future battalions that may be called.

Promises of a record crop in the Canadian prairies has given an impetus to Canadian farmers, and sales, which to generally a poor land selling market. Nearly 700,000 acres of farm lands were settled by the department of Natural Resources during July, while it is stated that the indications for this month are the most promising.

Although as a rule the farmers of the States are busy, gathering their crop at this time of the year many of them in face of the promising reports from the Canadian west are coming up early to look after the land.

The funeral of the largest man in Elgin county took place recently in the township of Bayham. His name was John H. Dennis, and he lived all his life on the farm where he died. When 11 years old he weighed 200 pounds, and at his death his weight was 536 pounds. His waist measure was 9 feet, his chest 8 feet. The casket was by 36 by 12 inches and the body had to be carried out side and put into it where it lay under a tent. Twelve men placed the casket on a dais.
